

Waterwise Aquatic Centre Program Feedback - November 2024

LIWA Aquatics and the Water Corporation have driven the Waterwise Aquatic Centre program across the State since 2012. Within this time it is estimated that this program and the efforts of each local swimming pool manager has helped to save approximately 1.59 billion litres of water.

Or to give this some relevance to our day to day work, this equates to 707 Olympic sized swimming pools!

Your feedback is sought to help drive the next phase of this program. We would love to hear from you in relation to your participation, local water efficiency activities and how we can save even more water.

Please take the time to complete the following survey.

This survey is conducted in accordance with our Data Collection Privacy Policy. <https://www.liwaaquatics.org.au/surveys/privacy>

Demographic information

Age: _____ **Gender identity:** _____ **Post code:** _____

Contact email address _____

1. Name of your Aquatic Facility: _____
