

2025 Sustainability Award

This award recognises excellence in the performance of sustainability practices in the built environment, relating to the management and incremental improvement of energy and resource management and operational practices.

Essential Criteria

Evidence of how your current operations and management practices have implemented improvements to at least one (1) area of water efficiency, energy efficiency or waste reductions and/or working towards being Carbon Neutral or more sustainable.

Select at least one (1) area of environmental sustainability achievement improvements:

- Water efficiency – improvements to reduce water usage.
- Energy efficiency – improvements to reduce energy consumption.
- Waste reduction – waste management strategies used to reduce excess waste.
- Other Sustainable Project

Award Criteria

Provide details on:

- What has been implemented
- Why this was implemented
- What are the goals / benefits?
- How is this being measured?
- What makes your innovation, procedure or practice unique and/or successful?

As an optional addition to your nomination, you're welcome to submit a short video (under one minute) explaining why your nominee deserves to win. While not required, videos are a great way to further support your nomination and highlight their achievements. Please submit your videos to events@liwaaquatics.org.au

All Nominations criteria fields need to be completed.

Using the criteria, provide information on why your organisation would be voted best to receive the Sustainability Award for the aquatic recreation industry in WA for 2025.

This survey is conducted in accordance with our Data Collection Privacy Policy. <https://www.liwaaquatics.org.au/surveys/privacy>

Contact email address

1. (Required) Contact Name

2. (Required) Contact Number
